In DBYN participatory approach, it is crucial when delivering a new training programme to bring-in the expertise of the individual trainers. Therefore this programme only includes a general outline of its structure. It is the facilitators who will further develop the programme, based on the needs of the pax (registration form) and their own backgrounds as trainers. Therefore we not defining learning outcomes, but put forward learning objectives as this is more flexible to work with.

This project is part of ‘Don Bosco 4 Refugees’, a EYF work plan submitted by DBYN for the year 2016.
